Rubrica
Lopo the jongleur one day went
to sing at the house of a nobleman,
who ordered that he get as payment
three swift kicks below his chin,
which was stingy in my opinion,
considering how he sings.

The nobleman was much too stingy
in the number of kicks he ordered,
with Lopo only being given
three of them below his chin;
that joke of a jongleur deserved more,
considering how he sings.
